G. O. No. I. C. 3686-96—Ft. 205-23-2, dated 8th December 1923.

Collection of Hay.

Sanctions the deputation of a Sub-Assistant Conservator for the — for supply to affected parts of the State.

READ—

Government Order No. I. C. 3591-600—Ft. 29-23-53, dated 3rd December 1923, empowering the Conservator of Forests in consultation with the Deputy Commissioners to throw open State Forests and plantations for free grazing of cattle and for cutting and removal of fodder on account of the prevailing drought.

ORDER No. I. C. 3686-96—FT. 205-23-2, DATED 8TH DECEMBER 1923.

Owing to the failure of rains in certain parts of the State and the consequent scarcity of fodder, the State Forests in maidan districts of Kolar, Tumkur, Chitaldrug and in parts of Mysore and Bangalore Districts have been thrown open for free grazing of cattle, permission has also been given to the raiyats to drive their cattle to certain Malnad Forests for free grazing.

2. In addition to these measures, Government direct that the Conservator should immediately arrange for the cutting and collection of hay in the Forests of the Malnad Districts and have it stocked at suitable centres. He should arrange to supply it to the affected districts in consultation with the Deputy Commissioners.

A sum of Rs. 5,000 is sanctioned, for the purpose of meeting the expenditure in this connection. The Comptroller is requested to place the said amount at the disposal of the Conservator subject to adjustment in due course.

3. An officer of the grade of a Sub-Assistant Conservator should be placed on special duty for the supervision of these operations until further orders.

4. The Conservator is requested to submit a report of the action taken and of the quantity of grass collected and supplied to the several Deputy Commissioners, by the first week of January next.

Memorandum 1078 D. 4th January 24.

Dear Mr. Ramiengar,

I am desired by the Dewan to request you to be so good as to meet him at Balabrooie at 9.30 a.m. to-morrow.

I am also to request you to be so good as to state the total quantity of grass that has already been cut in Malnad under the Government Order of 7th December 1923 and the quantity that has ~~been~~ actually been supplied on the requisitions of the Deputy Commissioners.

Please send up this information before to-morrow evening.

Yours sincerely,

To

B. V. Ramiengar, Esq., B.A.,
Conservator of Forests.

Reg. No. 4838

REVENUE
16 JAN 1924
SECRETARY.

Dear Mr. Anantaraman,

With reference to your D.O. No.109/D. dated the 4th instant, asking me to furnish detailed information regarding the progress made for the collection of hay, I write to say that about 300 tons have been collected in the Bhadravati Division and 450 tons in the Shimoga Division. About 500 coolies are working in the former Division and 600 in the latter Division now, and during the current week I expect that the progress will be much more satisfactory.

During the last 10 days only 3 presses were in operation, of which two were giving some trouble. These troubles have been set right and two more presses have been put into service from to-day. With these five presses which belong to the department about 7 tons could be pressed per day. Seventeen military presses have been received to-day at Bhadravati and Shimoga. Four of these are absolutely damaged and will not be fit for operation. The other thirteen will be set up during the week and by the end of this week, the department will be in a position to despatch about 20 tons of hay per day. At this rate the 500 tons required by the Agricultural Department for the storage of hay at the concentration camps along the route of march will have been supplied by the first week of next month. Inclusive of the despatches of to-day, 14 tons have been sent to Tumkur to the Agricultural Department. The work is well on hand and I expect to complete all the necessary collections before the end of next month. No indents have yet been received from any of the Deputy Commissioners for supplies of hay and I am writing to them that their indents will be complied with immediately after the requirements of the

the Agricultural Department for the concentration camps have been satisfied, and that will be about the 2nd week of February next.

Yours sincerely,

J. D. Rawlinson
